Grants-in-aid for Village Improvement Works

No. R. 11344-53 L. R. 10-14-172, dated 5th June 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Reports received from the Deputy Commissioners of Districts regarding the utilisation of the allotment for Village Improvement for the year 1914-15.

Order No. R. 11344-53 L. R. 10-14-172, dated 5th June 1915.

The appended statement shows that out of the total allotment of Rs. 2 lakhs sanctioned for the current official year a sum of Rs. 99,408 has been utilised up to March 1915 as grants-in-aid for Village Improvement works and that a sum of Rs. 599 is expected to be utilised for the purpose at the end of the year. Government note that the Deputy Commissioners of Bangalore and Kolar Districts expect that the allotments for the year will be utilised in full. The Deputy Commissioners of all Districts are requested to send final estimates for works which have been sanctioned during the year and that the Village Committees take up as many works as possible during the season and complete them before the end of the year.

2. A sum of Rs. 2 lakhs was set down in the paragraph 2 of paragraph 10 of Government Order No. R. 6056-5107 L. R. 430-13-1 dated 24th February 1914 as provided for grants-in-aid for works of Village Improvement to be given in the next official year and distributed among the Districts as shown below :—

District	Amount Rs.
Bangalore	25,000
Kolar	25,000
Tumkur	25,000
Mysore	25,000
Hassan	25,000
Kadur	19,000
Shimoga	16,000
Chitaldrug	20,000
Total	1,80,000

The balance of Rs. 20,000 will be kept as a reserve to be drawn upon in case of need.

3. The concession of sanctioning as grants-in-aid half the cost of village improvement works when the other half is contributed by the villagers was extended till the close of the current official year in Government Order No. R. 10013-22—L. R. 430-13-50, dated the 30th June 1914. With a view to encourage the development of village improvement work, and to induce a larger number of Village Communities to take in hand works of a permanent character, Government are pleased to extend the concession referred to above till the end of 1915-16.

Special Deputy Amildar and Staff for Acquisition Work, etc., Cauvery Reservoir Project.

No. R. 11848-51-- L. R. 241-14-48, DATED 19TH JUNE 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 811-4--L. R. 499-12-4, dated 22nd July 1913, sanctioning a special Revenue Establishment for carrying on land acquisition and resettlement operations in connection with the Cauvery Reservoir.

2. Memo No. 716—3732, dated 24th April 1915, from the Joint Secretary to Government, Public Works Department, forwarding for orders letter No. 13279, dated 20th April 1915, from the Revenue Commissioner in Mysore, submitting proposals for strengthening the special Revenue Establishment employed on Land Acquisition work in connection with the Cauvery Reservoir Project and for constituting the villages in the Anandur and Yelval hoblis and two villages in the Kasba hobli of the Mysore Taluk, which come under land compensation and settlement operations into a first class sub-taluk.

Order No. R. 11848-51—L. R. 241-14-48, dated 19th June 1915.

Government do not consider it necessary to interfere with the existing boundaries of the Mysore Taluk and to form a portion of it into a separate sub-taluk. But in order to assist the Amildar of the Taluk in the work of acquisition and resettlement, Government direct that in lieu of the special Sheristedar and his establishment working in the taluk in accordance with the Government Order read above a Special Deputy Amildar with a clerical establishment allowed for a 1st class sub-taluk be attached to the taluk.

2. Government are also pleased to sanction a revised scale of establishment as noted in the accompanying statement. The entire cost will be debited to the Cauvery Reservoir budget.

3. The additional establishment sanctioned in this order will be given local allowance at the rates specified in Government Order No. R. 10405-8—L. R. 241-14-40, dated 15th May 1915, with effect from the date of entertainment.

4. The term of the establishment now sanctioned will run up to 1st July 1916 but the Revenue Commissioner and the Chief Engineer are requested to see that the establishment is proportionately reduced as portions of the work are completed.

Returns under the Village Improvement Scheme.

No. R. 11663-73—L. R. 10-14-178, DATED 16TH JUNE 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Monthly returns received from the Revenue Commissioner in Mysore, showing the grants-in-aid sanctioned in the several districts under the Village Improvement Scheme, in accordance with Government Order No. R. 9767-76—L. R. 430-13-5J, dated 20th June 1914.

Order No. R. 11663-73—L. R. 10-14-178, dated 16th June 1915.

The returns are being received regularly only from the Deputy Commissioners of the Shimoga and Chitaldrug Districts up to the end of April 1915. The Deputy Commissioners of the Bangalore and Mysore Districts have from the outset failed to submit the returns, and the other districts also have been extremely irregular. Returns have not been received from Kolar and Tumkur for March and April 1915, from Hassan for April 1915 and from Kadur for November 1914 to April 1915. From the returns now received it is gathered that works estimated at Rs. 37,572, have been undertaken under the scheme in all the districts, except Bangalore and Mysore, for which the villagers have contributed Rs. 19,391 and a sum of Rs. 17,543, has been sanctioned as grants-in-aid by Government.

2. As Government have since prescribed the submission of a quarterly return of progress of village improvement work by the Deputy Commissioners from January 1915, in Government Order No. R. 6911-19—L. R. 10-14-93, dated 10th February 1915, the submission of the monthly return to Government may be discontinued in future. The Deputy Commissioners will be responsible to see that the entire allotment placed at their disposal is spent as usefully as possible and in full and should any lapses be anticipated they should be reported to Government three months before the expiry of the official year.

Summary of representation made in Subject No. 60 of the Proceedings of the Representative Assembly of 1914, that, where immovable property is sold for arrears of land revenue, the sale may be cancelled, if within one month from the date of sale the amount of arrears together with 5 per cent of the purchase money is paid by the person interested in the property concerned as is done in the case of Civil Court sales.

Order No. R. 11808-16—L. R. 652-14-2, dated 19th June 1915.

Government have after careful consideration decided that the introduction in the Land Revenue Code of a provision similar to that contained in Order XXI, Rule 89, of the Civil Procedure Code, in respect of Civil Court sales, is undesirable in the interests of revenue collection, and unnecessary in view of the safeguards already provided by the existing law in regard to private interests. These safeguards have been clearly explained in Government Order No. R. 10855-63—L. R. 623-14-2, dated 26th May 1915.

2. The Revenue Commissioner is requested to communicate this decision to the Representative Assembly member who mooted the subject.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No 623—E. C., dated the 16th December 1913, from the Secretary to the Mysore Economic Conference, forwarding for the consideration and orders of Government copy of *letter No. 741, dated the 11th December 1913, from the Secretary, Agricultural Committee, containing the Committee's proposals for the grant of lands for the cultivation of tea and camphor in the Malnad Districts.

*Printed as Accompaniment No. I.

2. Letter No. †3001, dated the 8th September 1914, from the Revenue Commissioner in Mysore, forwarding the views of the Deputy Commissioners of Hassan, Shimoga and Kadur Districts together with his own opinion on the subject.

†Printed as Accompaniment No. II.

Order No. R. 12051-62—L. R. 407-13-4, dated 28th June 1915.

Government consider it desirable to encourage the formation of tea and camphor plantations in suitable localities in the Districts of Kadur, Hassan and Shimoga. The Deputy Commissioners of these districts are requested to place themselves in communication with the Director of Agriculture, and make a selection of areas suitable for growing camphor and tea, and divide them into blocks not exceeding 250 acres each, up to a limit of 2,000 acres in each district. Lands which form part of valuable forests, or which it may be necessary for any reason to reserve should not be selected for inclusion in the blocks. The blocks so selected will be granted for the cultivation of tea and camphor on the following terms:—

(1) The lands applied for will be granted free of upset price.

(2) The lands will be held free of assessment for the first five years from the date of grant and on full assessment at the rate of Rs. 1-8-0 per acre from the 6th year onwards.

(3) No grant will be made unless the applicant is able to prove that he can raise the necessary capital for starting the industry.

(4) One-fifth of the area granted should be planted every year.

(5) After the completion of five years from the date of the grant, a title-deed will be issued to the grantee. Till then no portion of the block will be allowed to be alienated.

(6) The rule requiring the reservation of a margin of 50 yards on either bank of a stream, spring, etc., should be strictly observed.

(7) Breach of any of the conditions of the grant will render the grant liable to resumption free of all claims to compensation.

2. Among the applicants for the land, preference should be given to local applicants or to joint stock companies which are able to raise half the capital locally.

3. These concessions will be in force for five years for the present. The question of framing rules to regulate further grants will, if necessary, be taken up for consideration at the end of that period.

No. R. 12051-62—L. R. 407-13-4, DATED 28TH JUNE 1915.

4. The Revenue Commissioner, the Conservator of Forests and the Director of Agriculture are requested to afford all necessary assistance to applicants in selecting suitable lands.

5. The Deputy Commissioners of the Kadur, Hassan and Shimoga Districts are requested to give wide publicity to this order and also publish the particulars of available blocks, and send up the applications, as they are received, through the Revenue Commissioner for the orders of Government. The Revenue Commissioner is requested to examine the applications and forward them to Government with his opinion.

No. 623, dated Bangalore, 18—19th December 1913, from C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Mysore Economic Conference, Bangalore, to K. R. Sreenivasiengar, Esq., M.A., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honour to forward herewith for the consideration and orders of Government, copy of letter No. 741, dated 11th December 1913, from the Secretary, Agricultural Committee, forwarding extract of para 2 of the proceedings of the 21st meeting of the Agricultural Committee about the grant of lands for the cultivation of tea and camphor in the malnad.

Letter No. 741, dated 11th December 1913, from the Secretary, Agricultural Committee, to the Secretary to the Mysore Economic Conference.

I am directed to submit herewith for the early orders of Government extract of para 2 of the proceedings of the 21st monthly meeting of the Committee, held on 2nd December 1913, about the grant of lands for the cultivation of tea and camphor in the malnad.

2. The Committee are in favour of all possible facilities being given for the cultivation on a large scale of tea and camphor.

Para 2 of the proceedings of the 21st meeting of the Agricultural Committee, Mysore Economic Conference, Bangalore.

Cultivation of tea, cotton, etc.—Letter No. 1406, dated 13—17th November 1913, from the Deputy Commissioner, Kadur District, forwarding an extract from the proceedings of the 12th meeting of the Kadur District Committee approving of the proposal of Mr. C. Srinivasa Rao, about the introduction of tea, camphor, etc., in the malnad in place of coffee, and suggesting the free grant of land for the purpose.

Mr. Srinivasa Rao explained how lands having an elevation of above 3,500 feet may be well utilised for growing tea and camphor, how at the commencement of any new industrial crop like coffee and rubber Government granted concessions to encourge the cultivation of such products and how at that elevation useful timber does not grow.

Mr. Krumbiegel said that in some of the estates seen by him camphor was coming up well, that cultivation of camphor would not pay unless it were undertaken on a large scale for commercial purposes and that the most favourable terms might be recommended.

Mr. Srinivasa Rao said that camphor plants might be supplied instead of seeds as the seeds did not in several cases germinate.

All the members acquiesced in the view that the cultivation of tea and camphor deserved to be encouraged and the following resolution was carried *nem con.*

Resolution I.—That a free grant of suitable land for tea and camphor cultivation be granted for a period of ten years to any applicant to encourge these new industries and a progressive rate of assessment be made to begin from the fifth year after the grant or under such other favourable terms as may commend themselves to Government.

Accompaniment II.

Letter No. 3001, dated Bangalore, 8th September 1914, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to your letter No. R. 5901—L. R. 407-13-2, dated 2nd February 1914, forwarding copy of an extract from the proceedings of the 21st meeting of the Agricultural Committee, Mysore Economic Conference, regarding the grant of lands for the cultivation of tea and camphor in the malnad, and enquiring on what terms land may be granted for such cultivation, I have the honor to forward herewith the marginally noted communications from the Deputy Commissioners of the Malnad Districts. It will be seen therefrom that no lands have till now been granted for these purposes in any of these districts. The Deputy Commissioners of Hassan and Shimoga are of opinion that the revised rules for the grant of lands for rubber cultivation contained in Government Order No. R. 1680-91—L. R. 307-11-4, dated 24th September 1912 (same as coffee rules) may be made applicable to the lands required for the cultivation of tea and camphor also; while the Deputy Commissioner of Kadur proposes the free grant of lands for a period of ten years and the levy of a progressive rate of assessment from the 5th year of the grant.

1. 492, dated 5th March 1914 (Hassan).
2. 582, dated 19th March 1914 (Kadur).
3. 618, dated 27th April 1914 (Shimoga).

2. The cultivation of tea and camphor being a new industry of which we have no experience in Mysore, rules can only be tentatively framed. As we gather experience, they may be suitably modified. So far as can be judged at present, the conditions laid down in Government Order No. R. 3474-84—L. R. 226-06-1, dated 28th September 1906, regarding the grant of lands for the experimental cultivation of rubber may be adopted with a slight modification in the rate of assessment which may be reduced from Rs. 3 to Rs. 1-8-0 per acre. The terms appear sufficiently liberal to induce *bona fide* planters to take up tea and camphor cultivation.

No. R. 12051-62—L. R. 407-13-4, DATED 28TH JUNE 1915.

3. Planters seem to be of opinion that when the soil of a coffee plantation is exhausted, it would be advantageous to put in tea. If, for tea cultivation, abandoned coffee lands are preferred to virgin soil, they may be granted free of upset price.

Letter No. 812, dated 27th April 1914, from K. Matthan, Esq., B.A., Offg Deputy Commissioner, Shimoga District, to K. Dorasami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore.

His Memo No. 10062-4, dated 7th February 1914, calling for opinion in the matter of granting lands for the cultivation of tea and camphor in the malnad.

With reference to the above, has the honor to state that no lands have till now been given out in this district for the cultivation of tea and camphor. The undersigned is of opinion that the same concessions as are granted in the case of lands applied for for rubber cultivation may be granted in the case of lands applied for for cultivation of tea and camphor.

Letter No. 543, dated 13th March 1914, from K. Krishna Iyer, Esq., Deputy Commissioner, Kadur District, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore.

With reference to your Memo No. 10062-4, dated the 7th February 1914, giving cover to letter No. R. 5901—L. R 407-13-2 of the 2nd idem enquiring whether any land in the malnad has been granted for the cultivation of tea and camphor, etc., I have the honor to state that no land has been granted for the purpose in this district up to date.

2. As regards the concessions to be granted to applicants on this behalf, I enclose for your information a copy of the resolution passed at the XII meeting of the Kadur District Committee upon which the resolution of the Central Agricultural Committee (copy of which is forwarded with your memo under advertence) was based.

3. I am of opinion that a free grant of land may be made for a period of ten years and a progressive rate of assessment levied from the 5th year after the grant.

V. Read Resolution No. II of the Sub-Committee for Agriculture, recorded on 30th October 1913. "That a free grant of suitable land for tea and camphor cultivation be granted for a period of ten years to any applicant to encourage these new industries and a progressive rate of assessment be made to begin from the 5th year after the grant." [The above resolution was passed on reading letter No. 383-4 —D. C., dated 18th September 1913, from the Secretary, Central Agricultural Committee, requiring the opinion of the District Committee, in *re* the proposal of Mr. C. Srinivasa Rao, Chikmagalur, about introducing tea and camphor cultivation in the malnad in place of coffee for certain reasons.]

Resolved that a recommendation be made to the Agricultural Committee on the lines suggested by the Sub-Committee for Agriculture."

Letter No. 450—D. E. C., from P. R. W. Wetherall, Esq., Deputy Commissioner, Hassan District, to K. Dorasami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, dated 5—7th March 1914.

Adverting to your Memo No. 10062-4, dated 7th February 1914, forwarding for report correspondence ending with the General and Revenue Secretary's letter No. R. 5901—L. R. 407-13-2, dated 2nd February 1914, concerning the grants of lands for the cultivation of tea and camphor in the malnad, I have the honour to state that the Assistant Commissioner, Saklespur Sub-Division, reports that no lands have been granted for such cultivation in his Sub-Division (comprising the two Malnad Taluks of Manjarabad and Belur).

No. R. 12051-62—L. R. 407-13-4, DATED 28TH JUNE 1913.

2. As regards concessions in granting lands for such cultivation, the Assistant Commissioner reports that it is the general local opinion that tea cannot be successfully grown in the Saklespur Sub-Division and that camphor does not seem to have been tried; that as there are very few jungles at altitudes over 3,500 feet in that Sub-Division, he does not propose any concessionary terms of grant of land for tea and camphor cultivation, but he is of opinion that should any rules for favourable grants be framed, a clause may be inserted reserving to Government full power of resumption of the land so granted if the special product specified be not grown as the main crop on the land.

3. From past experience concerning concessions for lands taken up for rubber cultivation, such a clause appears quite necessary. So far as the Saklespur Sub-Division is concerned, I am of opinion that the revised rules for the grant of lands for rubber cultivation ordered in Government Proceedings No. R. 1680-91—L. R. 307-11-4, dated 24th September 1912, may be made applicable to the grant of lands for tea and camphor cultivation.

2. The average rainfall during 1914 was 36·31 inches as against 33·54 inches during 1913 and 37·23 inches during the previous 44 years (1870-1913).

3. Out of 225 stations in the State only 194 or 86 per cent were inspected in 1914, as against 87 per cent during 1913.

4. The Revenue Commissioner is requested to obtain and submit, at a very early date, the explanations of the officers concerned who failed to inspect the rain gauge stations in the Mysore and Tumkur Districts where the inspections are reported to be unsatisfactory.

5. The Revenue Commissioner is requested to see that rain gauge station inspections are included in a suitable programme of inspections and report to Government the names of officers who neglect this part of their duties.

Memo No 3585, dated 22nd May 1915, from the First Assistant to the Hon'ble the Resident in Mysore, forwarding for necessary action copy of letter No 589, dated the 5th idem, from the Director of Statistics with the Government of India, conveying certain instructions regarding the preparation of the forecasts of crops other than final forecasts.

Letter No 589, dated the 5th May 1915, from the Director of Statistics with the Government of India, to the First Assistant to the Resident in Mysore and Chief Commissioner, Coorg

I have the honour to say that in preparing the forecasts of crops other than the final forecasts, it is observed that the present system of comparing the estimates of the year of report with those of the preceding year is not uniform in all provinces except in the case of cotton forecasts. Some provinces compare the estimate of the year of report with that at the corresponding date of the previous year, while others with the final figure of that year. In the first wheat forecast this year (1914-15) while some provinces compared their estimates of acreage with the estimates at the corresponding date of 1913-14, others compared their estimates with the final figures of 1913-14, and thus the percentage of increase in the acreage this year as compared with the acreage of last year was not uniformly stated. Owing to this diversity of practice a great deal of inconvenience is felt in preparing the General Memoranda in this department. In order to obviate this inconvenience without in any way disturbing the local practice I am to suggest, with reference to paragraph 4, Circular No. 21-292-1, dated the 16th October 1911, of the Government of India in the Department of Revenue and Agriculture, and with the approval of that Department, that comparison be made with the estimates at the corresponding date of the previous year. The intention is to compare in every case estimates with those at the corresponding date of the previous year. If it is considered desirable to compare preliminary estimates with final figures, this may be done in addition to the comparison of estimates with those at the corresponding date of the previous year.

Order No. R. 12153-63—Agri. 89-14-2, dated 30th June 1915.

Communicated to the Revenue Commissioner and the Deputy Commissioners of Districts for note and guidance in the preparation of the forecasts in future, in continuation of Government Proceedings No. R. 3442-50, Agri. 9-11-6, dated 29th November 1911.

Government Proceedings No. R. 3244-7—Ft. 129-10-2, dated the 11th December 1912, sanctioning the continuance of the scheme for the settlement of Mahratta Kunbis in the Sagar Ghats for a period of three years, and directing the submission of a special report in July each year on the working of the scheme.

2. Letter No. 8127, dated the 10th February 1915, from the Conservator of Forests in Mysore submitting the special report from the District Forest Officer, Shimoga, on the working of the scheme during the year 1913-14.

3. Letter No. 10842, dated the 24th April 1915, from the same officer, submitting copy of a letter from the District Forest Officer, Shimoga, containing proposals for the continuance of the scheme for a period of three years with increased grants in certain respects, and recommending that the proposal may be sanctioned and the annual grant increased to Rs. 5,500.

Order No. R. 11925-9—Ft. 64-14-8, dated 24th June 1915.

Recorded.

2. The enlarged concessions held out in Government Order No R. 6024-6—Ft. 19-13-4, dated the 5th February 1914, are reported to have resulted in a large increase of Kunbi settlers, the number of new families introduced during 1913-14 being 82 comprising 229 adults and 84 children, against 34 comprising 99 adults and 45 children in the previous year.

3. Since the adoption of the scheme, altogether 22 colonies consisting of 200 families and a population of 1,000 souls have been formed at a total cost of Rs. 13,565. An area of 682 acres of wet land assessed at Rs. 1,455-8-0 has been brought under cultivation. The results, so far attained in attracting population to such sparsely inhabited parts of the malnad, are, on the whole, encouraging and Government trust that the settlers will be persuaded to give up their nomadic habits altogether and be absorbed into the permanent population of these parts.

4. The Conservator of Forests is requested to place himself in communication with the Inspector-General of Education in regard to providing proper educational facilities to the Kunbi colonies which are reported to contain 300 boys of school-going age.

5. Proper arrangements for the supply of water to these colonies should be made by the Deputy Commissioner of the Shimoga District.

6. Government recognise that the stability and growth of these colonies would be ensured if they could be kept reinforced by a steady flow of immigrants of the same clan or community as the settlers and are accordingly pleased to sanction the continuance of the scheme for a further period of two years from July 1915.

7. In consideration of the altered conditions now obtaining Government are also pleased to authorise the enhanced concessions specified below:—

(a) Increase of grant on account of seed grain from Rs. 5 to Rs. 10.

(b) Increase of grant to each family for the purchase of a pair of buffaloes from Rs. 50 to Rs. 60.

(c) Grant of a loan not exceeding Rs. 30 to each family subject to recovery in easy instalments to enable the family to discharge existing debts, etc.

No. R. 11925-9—Ft. 64-14-8, dated 24th June 1915.

Great care should be exercised in the grant of the loan and the Forest Officer concerned should satisfy himself that it is really required for the purpose specified.

8. A provision of Rs. 5,000 will be made in the budget for the settlement of Mahratta Kunbis during the period of continuance of the scheme now sanctioned.

Letter No. 788, dated the 22nd July 1914, from the Excise Commissioner in Mysore, submitting his report on the misappropriation of Government money by the late J. Ramaswamaiya, Vottumutsaddi, Maddagiri Taluk.

Order No. Fl. 7235-6—S. R. 201-10-4, dated 2nd June 1915.

J. Ramaswamaiya, who was Vottumutsaddi of the Maddagiri Taluk, from September 1908 till March 1911, is reported to have embezzled during the period a sum of Rs. 809-13-10 in all by inducing toddy contractors to pay their monthly rentals into his hands instead of into the treasury and passing on them spurious treasury receipts. The bulk of the amount has been recovered from the contractors concerned who had neglected to make payments in accordance with the rules. These frauds appear to have been facilitated by the following irregularities in the Taluk and District Excise Offices:—

(1) Non-maintenance of important accounts, particularly the toddy ledger.

(2) Incorrect statements in the *baki-patti*.

(3) Systematic omission in the Taluk office to verify the excise accounts with reference to the Day Book.

(4) Want of timely check and inspection by Excise Inspectors; and

(5) Absence of scrutiny and inspection by the District Excise Officer and his staff.

2. The chief responsibility for these serious irregularities rests with the Taluk Sheristadar Puttanniah and the Excise Inspectors Messrs. G. K. Desikachar, N. K. Cheluviengar and N. Venkatsubbiah. The Taluk Sheristadar is the officer primarily responsible for the maintenance of the accounts and he admits that he exercised no check over the accounts prepared by the Vottumutsaddi. Though the Excise Inspectors are required to inspect the taluk accounts frequently and submit inspection memos to the District Excise Officers, only one single inspection memo for November 1910 seems to have been submitted for the whole of the period. The diaries of the officials show that the inspection of taluk accounts was performed only in February, July and August 1910; but these inspections must have been very perfunctory.

3. The Amildar Mr. E. S. Venkatramana Iyer, who was only acting, cannot altogether escape from blame, though his being in the dark was due to a great extent to the indifference of the Taluk Sheristadar and the Excise officials concerned. Mr. E. S. Venkataramana Iyer has since reverted to the Registration Department and Taluk Sheristadar Puttanniah is understood to have been retired. In these circumstances Government consider it sufficient to express displeasure at the negligence exhibited by these officials.

4. The Excise Inspectors concerned should be severely warned, though in the case of Mr. Venkatsubbiah, it is observed, that he has made amends to a great extent by contributing by his subsequent efforts to the discovery of the irregularities committed by the Vottumutsaddi.

5. The District Excise Officer, Mr. Hanumantha Rao, also retired, should not have failed to see that the inspection memos were regularly submitted and to inspect the Taluk office in 1910.

No. Fl. 7235-6—S. R. 201-10-4, dated 2nd June 1915.

6. The report of the good work done by Mr. M. S. Ramachandra Rao, Amildar, in investigating the case and unravelling the details connected therewith, is noted with satisfaction.

7. The Excise Commissioner is requested to issue suitable instructions so as to prevent similar acts of negligence and carelessness in future.

8. The result of the steps taken for the recovery of Rs. 6 referred to in paragraph 2 of the letter read above may be intimated in due course.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 7389-437—B. 15-14-2, dated 15th June 1915.

To enable Government servants to make suitable provision for themselves in their old age and for their families, Government have provided facilities by instituting the Life Insurance and Family Pension Funds. A representation has, however, been received from several officers requesting that, in addition to these, a Provident Fund may be constituted similar to the funds in the Madras Presidency and other Provinces of British India.

Government are pleased to view the representation favourably and direct the formation with effect from the 1st July 1915 of a State Provident Fund open to all Government servants and governed by the rules annexed to this order.

The fund will be under the management of the Comptroller and accounts connected therewith will be kept in the Comptroller's Office.

At the close of each year the Comptroller will submit a report to Government regarding its working.

It is considered that, for the present, until the number of subscribers becomes numerous no extra establishment would be necessary for work connected with this in the Comptroller's Office.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

ANNEXURE.

RULES REGULATING THE STATE PROVIDENT FUND.

Scope of Fund.

Rule 1.—The fund will be a general fund open to all officers in permanent pensionable and non-pensionable posts under Government or under Local or Municipal Boards.

NOTE.—Persons appointed on probation to substantive appointments are eligible to subscribe to the fund.

CONDITIONS OF MEMBERSHIP OF FUND.

Rule 2.—Subscription to this fund will be optional in the case of all officers except those who, under the State Life Insurance Rules, are required to compulsorily insure but are rejected by the Medical Officer or cannot do so on account of overage. In the case of such officers it will be compulsory. Subscribers must enter into an agreement to be bound by all these rules and any alterations that may be made in them from time to time.

Rule 3.—If an officer who is subscribing to the fund is transferred to foreign service he shall (in the absence of a special order of Government to the contrary) continue subject to these rules in the same manner as if he was not transferred.

Rule 4.—No right to withdrawal of the sum at the credit of a subscriber will be recognised other than is provided for in Rule 9.

RATE OF INTEREST.

Rule 5.—Compound interest at 4 per cent will be allowed on subscriptions; but Government reserve the right to reduce this rate at any time for officers who become subscribers to the fund after Government have announced their intention of reducing the rate.

Note.—If a subscriber dies, interest will be allowed on the amount at his credit in the fund up to the end of the month in which the death occurs, whether that amount is withdrawn before or after the end of that month. When a subscriber, being in permanent Government service retires, interest will be allowed up to the end of the month immediately preceding that in which he quits the service. If a subscriber holding a temporary post exercises, on the termination of his appointment, the option, allowed by Rule 9 (1), of leaving in the fund the amount accumulated to his credit, interest will be allowed on that amount for not more than a year after the termination of employment. If the depositor subsequently obtains re-employment under Government, deposits not withdrawn will commence again to bear interest from the date on which subscriptions are renewed.

Rate of Subscriptions.

Rule 6.—Except as hereinafter provided, the monthly subscription must not be less than 6¼ per cent, and not more than 12½ per cent, on the salary of each subscriber for the month; and as between these two limits, must be at the rate of either 1¼, 1½ or 1¾ annas in the rupee. In the case of persons whose pay is not more than Rs. 10 per mensem the rates may be at ½ an anna or ¾ths of an anna in the rupee. If the officer is on foreign service, the subscription will be calculated on the pay he was drawing immediately prior to the transfer to foreign service.

A subscriber may alter his rate of subscription with effect from the beginning of any financial year, by giving notice before the end of the preceding year.

In the case of an officer on a permanent establishment, who is detached on temporary duty under Article 254 of the Mysore Service Regulations, subscription should be calculated on the salary actually drawn by him in his temporary appointment.

Similarly, in the case of an officer on deputation, subscription should be calculated on salary *plus* his deputation allowance.

Subscription during leave.

Rule 7.—Subscriptions during leave of any kind will be optional. Subject to the limits of 6¼ and 12½ per cent, they will be calculated on the allowances admissible during leave.

An officer on re-instatement after a period passed under suspension may be allowed the option of subscribing for that period. In the case of an officer who exercises the option of subscribing to the fund during leave without allowances, or on re-instatement after a period passed under suspension without allowances, it is left to the discretion of the Comptroller to determine, in each case the amount on which subscription should be paid, the general principle to be observed being that the subscription should be calculated on half the salary last drawn by the officer before he proceeded on leave without allowances, or was placed under suspension without allowances.

Realization of Subscriptions.

Rule 8.—Subscriptions will be recovered by deduction from pay bills but they may be made by remittance in cash to the Treasury when an officer is in foreign service or on leave.

When a subscriber draws his leave allowances in England at the State Bankers, his subscriptions may be paid by deductions from leave allowances, credit to the officer's account in the fund, in respect of such payments being given at the rate of fifteen rupees to the pound.

An officer who desires to subscribe during leave must notify his intention before hand in order to allow the deductions from his leave allowances being noted. He will not be permitted to discontinue subscribing during such leave.

An officer, who fails to notify his intention to continue to subscribe when proceeding on leave, can subsequently pay his subscription in cash.

Withdrawals on Retirement or Death.

Rule 9.—(1) Subject to the provisions of this rule the sum which accumulates to the credit of an officer in permanent employ will, when he quits the service, become his absolute property and be handed over to him unconditionally. An officer holding a temporary post may, on the termination of his appointment, either withdraw the amount standing at his credit or leave it in the fund. Any sum so left in the fund may be withdrawn at any time after cessation of service.

(2) In the event of an officer's death before retirement or after retirement, but before the money has been handed over,—

(*a*) it will be divided between his widow or widows and children in accordance with any request that he may have submitted in the prescribed form, which

request must state the person to whom sums intended for the benefit of minors are to be paid; or it will be handed to such trustees as the subscriber may appoint by will to administer, for the benefit of his widow or widows and children, the funds standing at his credit at the time of his death;

(*b*) if no such request has been submitted, it will be paid to the legal representative of the estate, as determined by a Civil Court having competence to pass orders in this respect; Provided that, if the sum remaining at the credit of the depositor does not exceed Rs. 500, it may be paid to such person or persons as the Comptroller considers to be entitled thereto.

(8) Ordinarily, officers should make their own arrangements at retirement to draw in India the sum at their credit in the State Provident Fund. In the case, however, of depositors and the beneficiaries of deceased depositors who are resident in England, Government may order payment in England at the market rate.

Advance for Special Purposes.

Rule 10.—No final withdrawal will be allowed until the subscriber quits the service or dies. But when the pecuniary circumstances of the subscriber are such that the indulgence is absolutely necessary, a temporary advance not ordinarily exceeding three months' pay may be allowed from the sum at his credit at the discretion of the sanctioning authority, who shall be—

1. The Government, for gazetted officers and for all payments exceeding Rs. 300.
2. The Head of the Department, for non-gazetted officers for payments exceeding Rs. 50 but not exceeding Rs. 300.
3. The Head of the office, for non-gazetted officers for payments not exceeding Rs. 50.

The following may be recognised as legitimate occasions for advances—

(*a*) to pay expenses incurred in connection with the illness of the subscriber or a member of his family;

(*b*) to pay for the passage of any member of a subscriber's family coming from beyond the sea to join him, or requiring to make a journey beyond the sea from some urgent cause;

(*c*) to pay expenses in connection with the marriages, funerals or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Note.—Advances, though not confined rigidly to the objects laid down in clauses (*a*) to (*c*) above will be made with a due regard to the principles contained in those clauses and regulated with regard to the amount of subscriptions lying to the credit of the applicant.

Advances will be recovered at the discretion of the sanctioning authority in not less than twelve monthly instalments or more than twenty-four. A subscriber may, however, at his option, make repayment in less than twelve instalments or may re-pay two or more instalments at the same time. Recoveries will be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery will be made from an officer while he is on leave of any kind. Recovery may also be postponed while an advance of pay granted to him on transfer is being recovered. The instalments will be paid by compulsory deductions from salary, and will be in addition to the usual subscription.

Reservation of Power to Government to alter Rules.

Rule 11.—The Government reserve to themselves the power to amend or alter the rules as may be required.

Procedure.

Rule 12.—The deposits received under the foregoing rules will be credited on the books of the Government to an account named "The State Provident Fund." The general administration of the fund will rest with the Government in the Finance Department, and the accounts will be kept by the Comptroller to the Government of Mysore.

Rule 13.—A depositor must when paying a subscription, whether his subscriptions to the fund are recovered by deduction from bills or paid in cash, specify the number of his account which will be communicated to him by the Comptroller.

Rule 14.—The interest under Rule 5 will be allowed for each calendar month upon the minimum balance of the depositor's account between the close of the fourth day and the end of the month. It will be added to the principal at the end of the official year except when the account is to be finally closed.

Yearly Advice to Depositors.

Rule 15.—As soon as possible after the close of each year each depositor will receive a statement of his account with interest made up to 30th June. Depositors are required to

satisfy themselves as to the correctness of these statements; and unless errors in them are brought to the notice of the Comptroller, within one month from the date of their receipt, Government will not be responsible for any sums not included in the account.

Rule 16.—Any depositor may once in the official year, but not oftener; receive, on application to the Comptroller a copy of his account for the last official year and for so many months of the current year as may have been posted and agreed.

Rule 17.—The Comptroller will endeavour to secure by issue of reminders that all depositors shall submit in the prescribed form the "request" provided for in Rule 9 (2) (*a*) of the rules. Each depositor should be invited to revise this declaration at least once a year. All such declarations still in force should be carefully recorded.

Petition from the Agent of the Anglo-Indian Association of Mysore and Coorg for the colonies of Whitefield, Sausmond and Duckworth (dated the 30th September 1913), requesting the deputation of the Executive Engineer of the Bangalore Division to help the settlers of Whitefield to formulate a Water-supply Scheme for their colony.

2. Correspondence ending with letter No. 552, dated the 17th March 1915, from the Deputy Commissioner of the Bangalore District, regarding water-supply to Whitefield.

Order No. 10291-2—L. B. 117-13-9, dated 18th June 1915.

According to the estimate prepared by the Executive Engineer of the Bangalore Division, the lowest cost at which a suitable project for the water-supply of Whitefield may be undertaken, is estimated at Rs. 24,000. The Deputy Commissioner was requested to discuss the estimate with the settlers and arrive at some understanding with them regarding the manner in which it was to be financed and the annual maintenance charges were to be provided. He now reports that the settlers have shown no inclination towards self-help and that there is no prospect of the question being settled in the near future.

2. The Deputy Commissioner also attempted to sink a well at a cost of Rs. 1,136 under the Village Improvement Scheme, with a view to help the settlers, but even this had to be abandoned as they were not able to pay half the cost of the well as required by the rules.

In these circumstances, it is not possible for Government to take any action at present on the question of the improvement of water-supply to Whitefield. The settlers may be informed that Government will be prepared to sanction a suitable scheme as soon as they are able to raise half the cost thereof and make satisfactory arrangements for meeting the annual maintenance charges.

Letter No. 204, dated the 7th January 1915, from the President, Bangalore City Municipal Council, submitting, with reference to paragraph 1 of Government Order No. 4130-3—Ml. 262-13-5, dated the 23rd November 1914, a copy of the Municipal Council's Resolution to the effect that no distinction should be made between officials and non-officials in the disposal of vacant sites, and that the sites be sold in public auction subject to certain conditions so as to put down speculation, and requesting early orders in the matter.

Order No. 10294-344—Ml. 203-14-2, dated 18th June 1915.

Government generally agree with the Municipal Council that, as far as possible, no distinction should be made between officials and non-officials in regard to the disposal of sites in the extensions of the City and that effective conditions should be imposed on all purchasers as regards the construction and completion of the building within a certain period so that speculation in sites may be checked. They are accordingly pleased to issue the following rules for the disposal of sites for house building purposes in the extensions of the Bangalore City :—

(*a*) All sites will be sold in public auction.

(*b*) The auction-purchaser will, as soon as the sale of the site is concluded, be required to deposit 25 per cent of the purchase money of the site, failing which the site will be resold at his risk.

(*c*) The balance of the purchase money should be paid within fifteen days from the date of the sale. Otherwise the deposit will be forfeited.

(*d*) The purchaser will, before delivery of the site, be required to execute an agreement binding himself to construct a house according to a design to be approved by the Municipal Council within a period to be specified in the agreement. Such period should not ordinarily exceed one year in the case of buildings costing Rs. 3,000 and less and two years in the case of buildings of higher value. Failure to comply with this condition will involve the resumption of the site without any claim for compensation.

(*e*) A final title-deed will be given to the purchaser only after the building is completed.

2. As Government servants have been allowed certain concessions in the matter of the purchase of sites in the past, Government see no objection to continue such concessions with suitable modifications for some time longer. They are therefore pleased to direct that where the auction purchaser is a Government official, the President may permit the price of the site with an excess of 10 per cent being paid in monthly instalments not exceeding 18 in number. This concession may be extended to non-official purchasers also in case adequate collateral security is furnished by them.

3. Whenever for any special reasons it is found necessary to allot a group of sites to persons of a particular class or community or to persons displaced in connection with sanitary and other improvements, these rules may be relaxed to the extent necessary, with the previous approval of Government.

No. 10294-344—Mz. 203-14-2, dated 18th June 1915.

4. All lands acquired hereafter for building purposes will, on acquisition, be transferred to the Municipality who will be responsible to repay to Government the value of such lands within one year of such transfer.

Printing Work done at the Government Press.

No. G. 14009-51—G. P. 24-12-10, DATED 11TH JUNE 1915.

CIRCULAR.

To

The Secretaries to Government and the Heads of Departments.

In view of the rapid increase in the printing work required to be done in the Government Press by the several departments, it has been suggested that the Press may be treated as a commercial or quasi commercial concern and allowed to charge for all work done therein. Under this suggestion, each department will be allotted a certain amount for printing charges based on the average for the last three or four years and if any department gets any printing work done at the Press the cost of it will be credited to the Press by means of book adjustments. This arrangement is expected to have two important advantages, *viz*:—

(*a*) It will clearly show whether the expenditure on the Press is commensurate with the income realised by it or in other words, whether the Press is self-supporting or not.

(*b*) It will have the effect of checking the rapid increase in the printing work done in the Press.

The Superintendent of the Government Press, the Comptroller to Government, other Heads of Departments and Secretaries to Government in the several Departments are requested to favour Government with their opinion on this suggestion at a very early date.

The Superintendent, Government Press, is requested to make out a table of rates for different classes of work beforehand, so as to enable other departments to estimate the cost of their work to be provided for in their budgets.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Printing Work in the Press.

No. G. 13906-56—G. P. 24-12-11, DATED 11TH JUNE 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 13906-56—G. P. 24-12-11, dated 11th June 1915.

The Superintendent of the Government Press has brought to the notice of Government that printing work has considerably increased of late, in the Press, and shows signs of further increase and has accordingly suggested certain measures for reducing the same. Government observe that this increase is, as stated by the Superintendent, due partly to work received from new departments such as the Legislative Council, the Economic Conference, the Agricultural Department, and the Department of Industries and Commerce, and the expansion of work in the existing departments and also, to a certain extent, to the fact that the Government Press is resorted to more largely than before by the various departments of Government. While the increase on this account is legitimate and must be provided for, Government consider that some restriction regarding the work that can be printed at the Government Press is desirable and necessary in order to keep the expenditure on printing within reasonable bounds. With this end in view, the Government are pleased to prescribe the following instructions in modification of the orders of Government passed from time to time for regulating the printing of matter sent to the Press free of cost:—

(I) The Government Press will, as heretofore, be under the administrative control of the General and Revenue Secretary and all new matter intended for printing should receive the previous sanction of Government in the General Department.

Para 4 of G. O. No. B., dated 31st March 1886; No. G. 2849-78—G. P. 16-04, dated 21st November 1904.

(II) The following may as heretofore be printed without the previous sanction of Government:—

(i) GOVERNMENT WORK.

All Proceedings of Government in the several departments including the weekly and monthly Proceedings, the Proceedings and other work in connection with the Representative Assembly, Regulations and Rules issued thereunder, bills and other matter required to be printed in connection with the Legislative Council, the Government Calendar, Budgets (Civil and Public Works), Budget Notes and Annual Departmental Reports and Reviews thereon and other official publications including notes, speeches, etc., of Members of Government, issued by Government in the several departments.

(ii) DEPARTMENTAL WORK.

(*a*) *Chief Court.*—Records of criminal appeals in murder cases, circulars inspection notes and law reports.

(*b*) *Comptroller's Office.*—The Civil List, History of services of Gazetted Officers, History of services of Amildars and Deputy Amildars, Revenue Statistics, Resource estimates and other items of work as are now being executed for the Comptroller under the authority of Government Order No. 4910-16—G. P. 16-04-5, dated 22nd February 1905.

(*c*) *Education Department.*—Departmental books and special reports, lists of official publications, departmental circulars and notifications of appointments, etc., catalogues of books in the several institutions under the department, reports and proceedings of the Text-book Committee, curricula of studies and school time tables.

No. G. 13906-56—G. P. 24-12-11, DATED 11TH JUNE 1915.

(*d*) *Geological and Agricultural Departments and Economic Conference and Co-operative Societies.*—In the case (1) of the Geological and the Agricultural Departments and (2) of the Economic Conference and the Co-operative Societies, rules, orders, notices and publications of a similar character, not likely to exceed 2 or 3 pages of printed matter, may be printed at the Government Press without the previous sanction of Government in the General Department, on the authority of the Heads of the Departments or the Secretary concerned. But the printing of all books, pamphlets and other publications should be sanctioned by Government in the General Department, even though they may form accompaniments to Government orders.

(*e*) *Miscellaneous.*—Publications of the Archæological Department and the Government Oriental Library, annual prospectuses of the Dasara Industrial and Agricultural Exhibition, question papers and other work relating to Public and Departmental examinations, items of confidential work, work connected with the Ethnographic Survey Investigation (Government Order No. 16491-500—Mis. 2539, dated 22nd May 1903), gradation and distribution lists and schedules of establishments of all departments and all departmental forms which have been prescribed or sanctioned by Government.

III. All other work, except the items mentioned above, may be printed only with the sanction of Government in the General Department.

IV. In the case of departmental works and Economic Conference publications, etc., not mentioned above, which are particularly of a bulky nature, the Superintendent shall be consulted in the first instance by the Departmental Officer concerned before addressing Government and, if he says that the work cannot be done within a reasonable time, it may be entrusted to a private press.

V. No private work should be undertaken in the Government Press without the special sanction of Government. (Para 4 of Government Order No. G. 3267-304—G. M. 153-03-04, dated 14th December 1904.)

VI. In cases of doubt as to whether specific sanction of Government is necessary or not, the Superintendent, Government Press, should request the officer sending the matter to the Press to obtain the sanction of Government.

2. Secretaries to Government in the several Departments, Heads of Departments and other officers concerned are requested to pay particular attention to these rules and to see that printing work is reduced to the necessary minimum. It is further requested that, as directed in Government Order No. G. 5755-94—G. P. 19-09-4, dated 4th May 1910, the manuscript copy of all matter sent for print may be prepared with sufficient care so as to avoid making the bulk of corrections in proof and that proofs are promptly revised and returned to Press without any avoidable delay.

3. The Superintendent will draw up and maintain printed lists of all regular work to be done in the Press for each department in pursuance of the general principles laid down above. Copies of the printed list should be sent to the department and the Secretariat concerned for record. Any work in excess of that contained in the printed list should be left to the discretion of Government in the General Department to sanction.

4. The Superintendent will also prepare an estimate of the strength and cost of the establishment required for carrying out efficiently the obligatory work referred to above. For all other work which is not regular, an account should be maintained and the work charged for. The departments concerned should make arrangements to provide the requisite funds in their respective budgets, for carrying out the work of printing all publications of a special character.

Government Proceedings No. G. 4611-59—G. M. 105-10-4, dated 8th February 1911, directing Heads of Departments and Deputy Commissioners to draw up their indents for articles of stationery according to their actual requirements and to enforce all possible economy in their use.

Order No. G. 13957-14008—G. P. 24-12-9, dated 11th June 1915.

The Superintendent of Stationery brings to notice that indents for stationery and printed forms are not drawn up in strict conformity with the requirements of the offices for which they are intended and that a great saving may be effected if such indents are properly prepared and examined before transmission to him as required in Rule 24 of the Stationery Rules published with Government Order No. 6011-60, dated 27th May 1904.

2. Government, in inviting the attention of the Heads of Departments and other officers concerned to the above rule and to the strict enforcement particularly of the provisions of Articles 42 to 45 and 58 of the rules issued in this behalf, desire to lay down the following additional specific instructions for their guidance:—

(i) The forms with the stock and issue register shall be in the personal custody of the Head Clerk (or Manager or Taluk or District Sheristedar) of the offices concerned under lock and key who will be required to make a certificate as to the correctness of the stock on hand and the issue at the time of the despatch of the indent, but this will not absolve the head of the office from his responsibility in the matter.

(ii) The annual indent should be prepared having regard not only to the sanctioned scale of annual supplies, but also to actual consumption and stock on hand.

3. The attention of the Superintendent will be invited to Rules 41 and 66 of the Stationery Rules now in force according to which he may at any time call for the receipt and issue registers in any office for examination or verification of indents and bring to the notice of Government any serious neglect or breach of the Rules.

4. The question of reduction and standardisation of forms is engaging the consideration of Government and separate orders will issue thereon in due course.

To

The Secretary to Government of Mysore for Railways.

It is observed the note on the administration of the Railway Department now furnished by the Secretary for Railways for inclusion in the State Administration Report is generally too meagre to be usefully reviewed by Government. It is therefore directed that in future a more detailed report, on the lines of the annual reports of the Railway Board of India, be submitted instead for each official year, before the 1st of October following. The report will be reviewed by Government in the General and Revenue Departments.

Government Proceedings No. 10138-9—Mis. F. 85-92, dated the 1st March 1899, prescribing a scale of establishment for the Government Stationery Depot, with effect from the 1st of March 1899.

2. Letter No 320, dated the 19th September 1914, from the Superintendent of Government Stationery Depot, forwarding a proposition statement for the revision of the pay of the establishment of the Government Stationery Department, to cope with the increased work on account of the constitution of new departments.

3. Letter No. 3544—B. R. 512, dated the 11th November 1914, from the Comptroller, Mysore Government, forwarding the proposition statement referred to above, duly verified with the observation that the proposal, if sanctioned, will take effect only from the next official year.

Order No. G. 13703-4—G. M. 126-14-12, dated 9th June 1915.

Since the last revision of the establishment of the Government Stationery Depot in March 1899, its work and the responsibilities of the staff have increased appreciably on account of the development of work in Government offices and the constitution of new departments.

2. This has rendered a further revision of the establishment necessary especially as the staff of the depot consists of men with special experience of work, with no chance of betterment by transfer to other departments.

3. The Superintendent of the Government Stationery Depot submitted proposals involving an average expenditure of Rs. 439-12-0 per mensem against the existing scale of Rs. 286.

4. On a careful consideration of the proposals submitted, Government are pleased to sanction the revision of the establishment of the Government Stationery Depot, as detailed in the annexed statement at a total cost of Rs. 390 per mensem. The existing scale, the revision proposed by the Superintendent, and the revised scale sanctioned by Government are given side by side for comparison.

5. The present revision of the establishment of the depot will have effect from the 1st of July 1915.

6. The Comptroller is requested to make the needful provision therefor, in the Stationery Budget for 1915-16.

Paragraph 2 of Government Proceedings No. Fl. 6231-2—G. F. 180-05-3, dated 23rd March 1906, vesting in the Chief Commandant and the Military Assistant the power to purchase horses when required according to their discretion, subject to funds being made available by Government.

Order No. G. 14467-9—Mily. 21-14-426, dated 24th June 1915.

In modification of the above order, the Government are pleased to direct that the Chief Commandant and the Military Secretary to His Highness the Maharaja should whenever it is necessary to purchase horses, submit a detailed report as to the number required and obtain the sanction of Government.

2. The selection of horses so far as quality, make and shape of the animals are concerned will be left to the discretion of the Chief Commandant and the Military Secretary, but an animal shall not be purchased unless certified by a Veterinary Officer as sound and fit for service. In obtaining such certificate the services of a local Veterinarian may be utilized if one is obtainable at moderate rates. Otherwise the services of a Veterinary Officer in the Mysore State Service may be indented for.

Whenever it is found necessary to proceed to places outside the State for purchasing horses, the Chief Commandant and the Military Secretary should obtain the previous sanction of Government for the journeys.

Para 5 of Government Proceedings No. 4423-5, dated the 8th March 1907, directing that the temples of Sri Bhavani Sankaradevaru, Parvatiamma, and Ganapatidevaru at Hunchadakatte in the Tirthahalli Taluk and the temple of Narayanadevaru at Karigerasu village, Nagar Taluk, be taken under Government management, and calling for a scale of expenditure in the said institutions.

Correspondence ending with letter No. 229—35, dated the 26th October 1914, from the Deputy Commissioner, Shimoga District, submitting a report in the matter.

Order No. 2796-9—Mus. 325-12-4, dated 4th June 1915.

The temples in question are endowed with 28 survey numbers measuring 215 acres, 37 guntas and assessed at Rs. 651-4-0 with a Jodi of Rs. 293-12-0 in Karigerasu village of the Nagar Taluk as shown in the appended statement.

2. The Deputy Commissioner reports that out of these 28 survey numbers, he has made arrangements for leasing out 7 entire numbers and one-half of Survey Nos. 18 and 13 for 20 years from 1918-14 for Rs. 400-15-3 per year as against the present income of Rs. 114-12-0, that the other halves of the above two numbers together with Survey Nos. 10 and 11 have been let out for a similar period on a progressive rental of Rs. 158-0-9 for the first 12 years and Rs. 189-10-6 from the 13th year onwards, against the present income of Rs. 74-6-0, that Survey No. 13 which was hitherto lying fallow has been granted on Alve tenure on a rent rising from Rs. 28-6-9 in the 1st year to Rs. 220-11-0 from the 20th year onwards, and that Survey Nos. 7 and 16 have been leased out for 50 years to the archak Gundabhatta who has undertaken to pay up the Government dues on the lands and in addition to perform the Nityakatle, Hetchukatle and other services in the temples and engage a servant for keeping the temple premises clean. He also reports that the remaining 14 survey numbers could not be leased out on Alve or Mulgeni tenure, as no one was willing to take them up, and solicits sanction to the arrangements proposed above as well as to the relinquishment of the remaining uncultivable lands as the payment of the large jodi of Rs. 95-9-10 thereon without any return would be an unnecessary drain on the resources of the institutions.

3. Government observe that the income from the lands now leased out will bring in an income rising from Rs. 587-6-9 in 1913-14 to Rs. 811-4-9 from the 20th year onwards and that besides, the entire cost of the services in the temples will be borne by the archak himself in return for the lands in his possession. The only item of recurring expenditure will thus be the Government dues payable on the lands in question which will amount to Rs. 111-10-7 excluding the lands proposed to be relinquished and the 2 survey numbers in the possession of the archak who has undertaken to pay the dues on the latter. The proposed arrangements are calculated to result in a saving to the institutions of from Rs. 475-12-2 rising to nearly Rs. 700 a year, which will be available for improvements of the temple buildings and similar purposes.

4. Government are accordingly pleased to approve of the above described arrangements as also of the unconditional relinquishment of the 14 survey numbers which could not be leased out to any advantage. The Inam Superintendent is requested to take the needful steps for the cancellation of the inam tenure of the relinquished lands.

No. 2796-9– Muz. 325-12-4, dated 4th June 1915.

5. On the proposal to grant a cash allowance to the temple equal to the jari inam on the lands relinquished, a separate order will be passed. The Deputy Commissioner is requested to report how long the lands now resigned have been lying waste.

Amendment to Water-supply Rules.

No. 1159-64—P. W. 5886-91, DATED 12TH JUNE 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Government Order No. 766-71—5269-74, dated the 29th June 1912, sanctioning revised rules for the regulation of the water-supply in the Cities of Bangalore and Mysore.

2. Subject No. 200 (2) of the Representative Assembly Proceedings of 1913, for the remission of water meter rent.

3. Note dated the 6th January 1915, from the Secretary to Government, Public Works Department, on the resolution of the Committee which met to discuss the question as desired by Government in their reply to the subject.

Order No. 1159-64—P. W. 5886-91, dated 12th June 1915.

The Committee consider that the levy of a water meter rent at 4 annas per mensem on all house connections works as a hardship on the poor people that generally consume even less than the full minimum quantity of water allowed by the rules. They accordingly resolved that in the case of all houses consuming not more than the full minimum quantity of water, *viz.*, 12,000 gallons per quarter, the meter rent may be remitted. The Chief Engineer also recommends the adoption of this proposal, but states that the consumption of water should be calculated every month as is being done now, and remission of meter rent be given, if the consumption does not exceed 4,000 gallons per month, and not 12,000 gallons per quarter, and suggests that Rule 10 of the revised water-supply rules be amended accordingly.

2. Government are pleased to approve of the recommendation of the Committee as modified by the Chief Engineer and direct that Rule 10 (*a*) of the revised water-supply rules be amended as follows:—

"For all connections where a water meter is fixed, a charge of four annas per month shall be levied as rent for the meter in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no rent shall be charged and provided also that a remission of full meter rent for any month shall be granted if the total consumption in that month does not exceed the minimum free allowance of 4,000 gallons for that month."

3. This order will take effect from 1st July 1915.
